Criterion-2: Teaching –Learning and Evaluation

Key Indicator 2.3: Teaching –Learning Process

Metric No. -2.3.2: Use of ICT enabled techniques by the faculty

The institution is constantly intended to boost involvement of technology based pedagogical techniques and tools to make teaching-learning more student-centric. In the institute teachers use ICT enabled devices   for student-centric teaching and learning.

College has provided with adequate infrastructure like interactive projectors, internet connectivity through LAN and Wi-fi, computers, and facilities to boost ICT enabled teaching-learning methods for learners.

The teachers as well as learners are not only encouraged to use regularly but familiarized and trained periodically also with ICT tools , Google meet, Zoom has been widely used e-platforms during Pandemic in the institution .Assignments, quiz, monthly tests were conducted by online classes.. Study material ,link for some youtube classes were shared on the same platforms during Pandemic. Webinars and different observances were also conducted through google meet and zoom web platform. The regular use of ICT techniques in teaching-learning has made teaching-learning process lively, usual, student-centric and conscious. It is observed that students reflect in a very positive manner towards education when they are using e-resources to complete tasks given to them. ICT tools inspire and encourage them to achieve their objective.
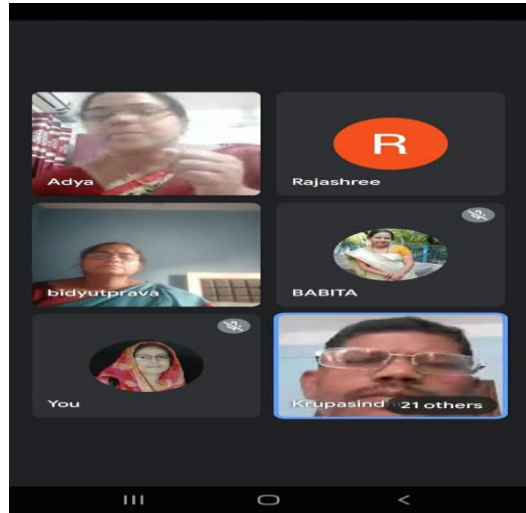

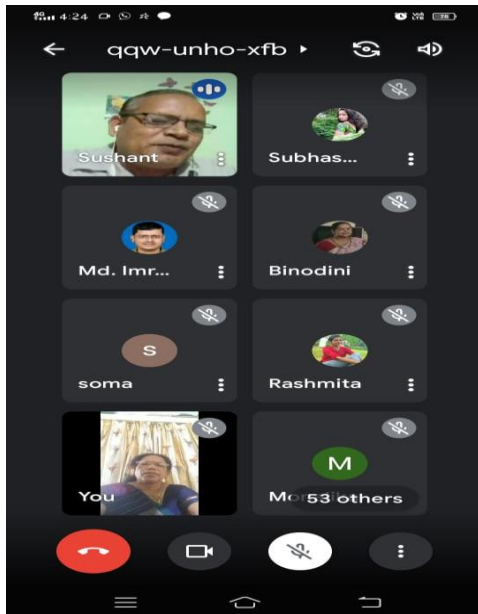

Department of Odia organised a webinar in ICT enabled Conference hall

Departmental seminar   in google meet

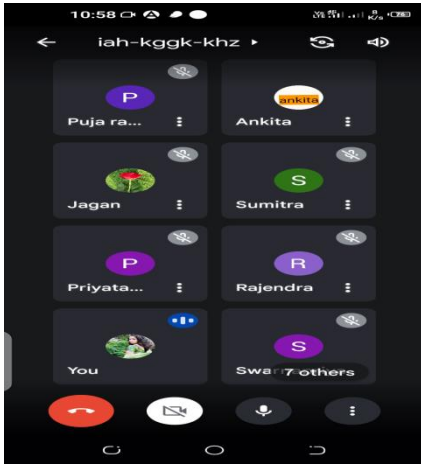

Online Observance of Rastiya Ekta Diwas

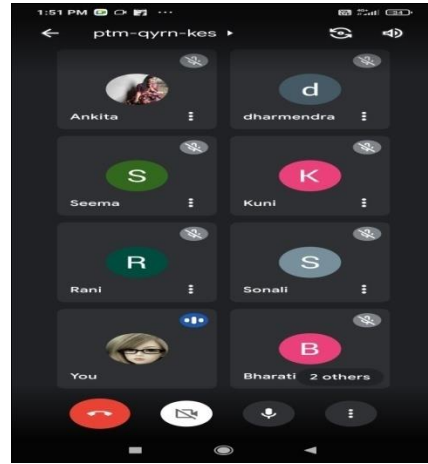

Online observance of World Enviornment Day.

Observance of World AIDS Day in ICT –enabled   conference Hall
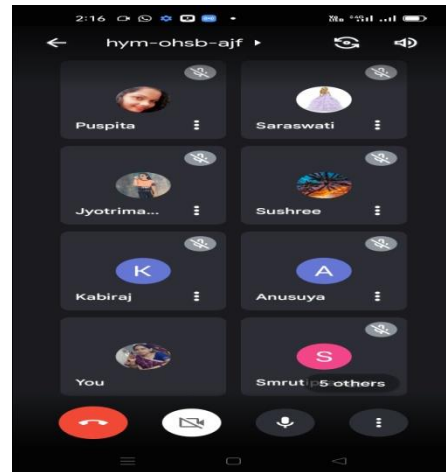

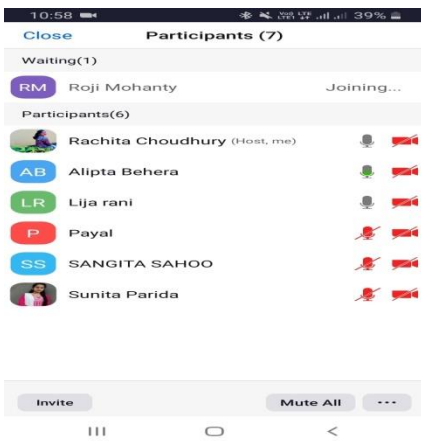

Online classes by the Departments
