NPMM assesses the learning levels of the students through Mid semester examination, End-semester examination, CIE & identify learners with academic lag and advanced learners at the beginning of the year. The slow learners are counselled in the mentoring classes for their progress in study and encouraged for participating in different co-curricular & extra curricular activities. They are provided with study materials.

The advance learners are motivated to learn different magazines, to do different courses in SWAYAM portal, to prepare themselves for different competitive examinations, to participate in debate or Essay competitions outside campus.
